

Students and Parents:

Thank you for your cooperation with STA Security and Administration in following the STA Parking Regulations. These regulations help protect the parking areas during the school day. Please notify Mrs. Scott, Director of Student Activities, or the Dean's Office of any parking problems, immediately.

- All City of Fort Lauderdale parking regulations are strictly enforced: curb and sidewalk parking, crosswalk regulations, and fire hydrant distance regulations. Penalties include fines and towing.
- The STA student parking fee is \$150.00.
- STA campus speed limit is 5mph.
- Secure student parking is permitted on STA grounds only. These areas include the parking garage, gym-lot, and C-lot across from OLQM. The rock-lot across from OLQM is not STA property and is not secured.
- Senior decals are green, junior decals are blue, and sophomore decals are red.
- The first floor of the parking garage is reserved for senior and faculty parking only.
- Sophomore parking is limited to the C-lot across from OLQM.
- Student parking on campus is **unassigned and on first come basis**. Students are encouraged to arrive at school early. If the garage and gym lots fill, cars are directed to C-lot.
- Additional decals for same family vehicles or car pools may be purchased directly from the Director of Student Activities.
- Students may not sell, transfer, or share a decal without permission from Mrs. Scott.
- Parking fines must be paid to the Student Activities Office at the end of each quarter. Fines not paid by the stated due date will double.
- Failure to pay parking fines may result in the report card or transcript being held at the end of the quarter.
- STA parking fines:
 1. Parking in a disabled space without proper disabled parking decal - \$50.
 2. Excessive speed or reckless driving - \$50.
 3. Parking in reserved/faculty parking areas - \$20.
 4. Parking on the curb, in a fire lane, or in the right of way - \$20.
 5. Rear-in parking - \$10.
 6. Vehicle in parking area during the school day without decal or permission - \$20.
- **All vehicle registration must be current. Please submit new tag/vehicle information to the Student Activities Office.**
- **Any vehicle parked on the campus during the course of the school day that is not registered in the Student Activities Office will be ticketed.**
- **The parking decal must be visible from the rear of the vehicle, bumper, or rear window at all times.**
- **All vehicles must park head-in only.**
